

**The School Facilities Board**  
**Waterless Urinal**  
**Grand Opening**  
**April 10, 2008**

Thank you to everyone  
that participated with the  
ribbon-cutting  
celebration of our new  
water-free urinals.

Great fun was had and  
everyone learned of the  
advancements made in  
waterless technology.

We had quite a turnout! The invitations sparked a bit of curiosity from the women who wanted to know if the urinals were real or just a joke. It's no joke!

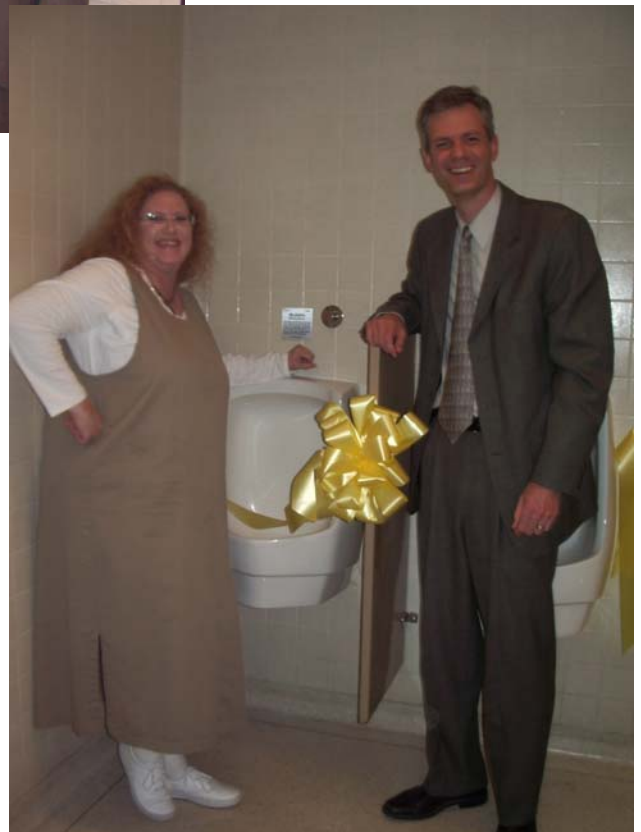

The ribbon-cutting!

We even had a cake in the shape of a waterless urinal!

Everyone just had to  
have their picture  
taken next to the  
water-free urinals!!

A Man on a Mission...
